HOT DOCS: BAHAIS IN MY BACKYARD

HOT DOCS: BAHAIS IN MY BACKYARD

Bahais In My Backyard is a documentary film that lifts the curtain on a seemingly "feel good" religion and its involvement in world politics and the military. A retired Mossad agent, a CIA seducer, a carpenter, a religion expert and a dead scientist, are all characters in this scandalous, yet humorous investigative film, which combines classic straightforward interviews, with unique access to the Bahai gardens.
