TIME 20:00

CHANNEL ABC2

DURATION 30

In 2004, young Australian adventurer Tim Cope embarked on a journey of a lifetime - travelling 10,000kms alone on horseback across the Eurasian steppe, filming this six-part series along the way. From the former Mongol capital Karakorum to the Danube River in Hungary, through diverse nations linked by nomadic roots, Tim retraced the path of the first nomads and followed the route taken by the legendary Genghis Khan as he forged his great empire.
